Currently Retired/Working in the International Trading/Forex World... Past work has included locating funding for our High Tech (Free Energy from the Vacuum)--"0" Point Energy--Negative Electricity/Nikola Tesla/UFO Technology... Work coordinated with Eyring Research Institute scientists in Provo, Utah who were attempting to duplicate the "0" Point Free Energy" Device of Utahn T. Henry Moray which was first demonstrated in Utah in the 1930s. ...My Brother (Doctor) and our Inventor [REDACTED] (M.I.T.- Mass.), were both killed as a result of our "Free Energy Device" technology...I'm still alive as I did not have the formulas and know the specific technology secrets of the Free Energy Devices! ...My responsibility was to aquire the "Venture Capital" for funding! ...Good news for me now is that it has been a number of years (1994-95) since their deaths so I don't have to continue "watching my back" every day! ... A few years ago, however, I did an undercover operation for the FBI in hopes they would be obligated and someone in the FBI would "come clean" about who took all of our free energy equipment in 1995... (At the time equipment was confiscated, said they were FBI-National Security) ...But, my plan failed to get FBI obligated and return our "0" Point Free Energy Devices (Including medical instruments).

Married (1965) [REDACTED] South High Class of 64', (Four Children). [REDACTED] worked as Model for Barbizon

Modeling Agency Chevy Chase, Maryland while I worked for Maryland Legislature during "Watergate" and "Viet Nam Protest" Eras...Highlights of this time was working in concert with "Watergate issues" (Maryland State Legislature), and, being held Hostage with other Staff of Legislature by Student's of Morgan State College until Maryland Governor finally got us released! ...Diana (1st Wife) has a Bachelors Degree in English--Univ. of Utah.----1986 Divorced---Married again (1990)-- Patricia Hintze (2nd Wife), from Redondo Beach, Calif. (Patricia has Five Children). Patricia has a Bachelors Degree in Elementary Education, Univ. of Utah, and a Masters Degree in Elementary Ed./Literacy Coach (Reading Specialist)--Utah State Univ.---We currently live in Holladay, Utah...
Yep!...Just moved AGAIN (May 2016) from Cottonwood Heights to a Condo in Holladay, Utah!
(I am attempting daily to ascertain what I want to be when I "grow up" and when I have to "move again"! :))
