[REDACTED]

Mr. [REDACTED]

Dear Sparky,

I just returned, several hours ago, from a two day meeting in Salt Lake City. It was an exciting time, I wish you could have been there. Everyone seemed to "mesh" with one another and we accomplished quite a bit. Both I and Walt Rosenthal feel very comfortable with all the participants and further feel that an excellent team seems to be forming around you and your compelling ideas! The participants in the meeting were:

We met with several Scientists at the EYRING laboratories and had a good old free for all exchange of ideas. As I said, I wish you could have been there, that atmosphere was electric to say the least. The people at the Lab certainly seem to be very capable and eager to test the device.

[REDACTED] has his attorney working forming up the necessary paperwork to establish a working relationship between us all and mentioned that he felt he needed another device to initiate testing both on the one coming back from the East coast as well as a newly built one. It seems reasonable to me that if an anomaly exhibits itself on one device, you would want to have a backup device also running to see if the problem repeated on the second device as well, indicating some sort of general physical phenomenon taking place as opposed to a simple malfunction on a given device. [REDACTED] wanted to get the work started on that second device as soon as possible and since the Attorney will obviously take some time to prepare the agreements, I volunteered to send you a \$1,000 check to buy components in anticipation of these agreements and as evidence of my good faith. I will

instruct my accountant to get that in the mail to you tomorrow (Monday), so you may already have gotten it by the time you read this letter. If not, it will be a matter of a day or two at most.

I think we have the team in place. Now is the time for all of us to bend our best efforts to support you in your endeavors, and to bring your idea to what must be a sorely awaiting world. I'm excited, Walt is excited and we hope you also will be pleased with our meeting and our efforts so far. I promise you our continued concern.

Should you want to get in touch with me, for whatever reason, you may reach me during July through September at my mountain home as follows:

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

I also have a message machine at my home which I interrogate about every other day. That number is Area Code [REDACTED] [REDACTED]. If you need to get me as soon as possible and there is no answer at the 587-4096 number, you may call my office, ask to speak to B.J. (my secretary) and have her get hold of me immediately to return your call. My office information is as follows:

[REDACTED]
[REDACTED]
[REDACTED]
[REDACTED]

Area Code [REDACTED]

I'm looking forward to the adventure!

Best Wishes,

cc: [REDACTED]
