No, I did not but my Grandfather is a retired Colonel and has a very large Defense Contracting Company in [REDACTED]. I am a personal Victim of the Kennedy Assassination by USA/FBI/CIA/MOB. This is all the same organization at the upper levels.

Hi, my name is [REDACTED] and I am personally a Victim of the Secret United States Government AKA MOB/CIA/FBI/Secret Service/Whitehouse. It is all the same thing at the upper level. I believe that President George Bush is an Underworld Puppet. I personally am involved in the Kennedy Assassination conspiracy. I know that Kennedy was killed by this government and my family is involved. I am personally a Victim of this government terrorism against private citizens like myself. I can explain in detail. It involves the Warren Commission all a cover-up committee. The whole Warren Commission in and of itself was designed to look like it was exposing the truth while really covering it up. Regretfully both my Parents are now dead and my life has been ruined by The United States of America. George Bush is aware of it but because of his involvement in Kennedy's assassination watches on as I struggle to find help. I need legal assistance desperately. Please help me.
