The info is all listed below, as copied from our website. Thanks for all your great work! I hope all is going very well for you. With very best wishes, Fred

Though the quote is not new, we just recently found the original article in the Internet archives of the *New York Times*. Click on the link at the bottom of the below quote to see the article and how to order it yourself for \$2.95 from the *New York Times*. The interesting fact that you must misspell the title of the article in order to find it suggests the possibility that someone doesn't want to make it easy to find this article.

Director of CIA, Vice Admiral R.H. Hillenkoetter

It is time for the truth to be brought out in open Congressional hearings. Behind the scenes, high-ranking Air Force officers are soberly concerned about the UFOs. But through official secrecy and ridicule, many citizens are led to believe the unknown flying objects are nonsense. To hide the facts, the Air Force has silenced its personnel. **p. 58, quoted from *New York Times*, February 28, 1960, p. L30, click to see the original archived article.**

This article is available from the *New York Times* archives for \$2.95. To access the article, click on the link below, and then click on the tab "Articles: 1851 – 1995." In the Headline box, type "Air Forge Orders." You must misspell "Air Force" as "Air Forge" (most interesting!) in order to access the article using the headline. Then under the date box, go to "Date Range," and in both the "From" and "To" boxes select Feb 28, 1960. Note that you must type the year rather than select it with the mouse. Then finally click on "Search" and fill in all of the necessary information to order by credit card.

Note that as the file is in PDF format, the [Adobe Acrobat Reader](#) is required to open it. In order to save the PDF file on your computer, click on "File" on the top bar of the PDF document, and then select "Send." You can then email the article to yourself and save it once you receive it. If, for some reason, "Air Forge Orders" does not access the document, type "Air Force has sent its commands" in the "Search for" box with the same date.
