>

>You all should know that the family living in the anomaly area that
>encompasses one corner of a house in Black Forest CO is presently
negotiating

>with Robert Bigelow on a buyout of their property. The Unexplained
A&E show

>episode recently filmed there will be aired sometime within the
first two

>weeks of May. Reportedly "they got a lot on tape-activity was high".

>

>The show crew made some sort statement that drove the family to
tears and

>their response has now been to close the area to study and move out.
The
>family is through being ridiculed for seeing what I got on video
tape during
>my recent visit! The family is being followed, there have been
attempted
>abductions of their kids, break ins to their house. The man hears
voices
>coming through his electronic devices (phones, TV, radios) and in
his head
>saying, relentlessly "if you try to figure this out, we will kill
you". This
>is the second case I know of where this has occurred.
>
>The father downloaded a reported three hundred pages of information
on both
>Bigelow and Col. John Alexander from the Internet before starting
the
>negotiations. The strange voices he hears seem to be a number of
different
>people, one of which he has now identified as Col. John Alexander!
>
>A recent report of anomalies near Monument CO tells of dog
mutilations: head
>found but no bodies and a mini-tornado which threw a person thirty
feet. It
>should be noted: one of the strange pictures from the Black Forest
spot shows
>what looks like a small tornado hovering over the house!
>
>I will keep you all posted and will have a copy of my tape available
for view
>at the Feb. 15th B. Wideman Mini-Conference at the Henry the VIII
Inn, St.
>Louis, MO. Contact me in person to see it.
