Dear Linda,

I met with Mr. [REDACTED] of WVIR, TV-29 (NBC) in Charlottesville.

[REDACTED] is one of their news people and a former USAF pilot who has personally seen a UFO, photographed it, and also has seen a German UFO captured during WW-II and displayed at LAFB Hampton, VA after the war. He mentioned a young reporter, Lonnie Quinn who would be very interested in doing a piece on CSET/DNP. I suggested that I talk with Steve on this and have him contact Bob on this possibility.

I had planned to talk with 'Steve on Monday on this since we'd been asked not to contact him until this coming week (rest after trip).

At any rate, Steve may want to talk with Bob about the possibility of an interview with TV-29, and you may want to contact them about a cameraman.

Contact phone for [REDACTED] at home: [REDACTED]

Hope this helps,

Best,

Will (on the road in VA, MD, DC)

PS: I will be back in FL on 14 August.

AA

(h)

Former Pilot; several sightings + other; info on NACA late 40s LAFB, VA; TV-29

Contacted 7-18-00: Saw what appeared to be a "wooden" flying saucer at NACA, Langley Field, VA in 1945-46. Craft was recovered from Germany after the war and was on display. 20-25' dia, 4-5' thick with windshield for prone pilot.

!!! Also interviewed former head of NASA-Langley who stated that "We currently have aircraft so different, so unconventional, that if we were to introduce them to the public, they would not even get aboard them." Aircraft supposedly had no wings, tail, or conventional control surfaces or conventional propulsion.

Also photographed a UFO which upon enlargement appeared to be a cigar-shaped object.

agreed to meet with me when I come to Virginia in August
