

Rear Admiral Rear-Admiral 

Its healing power is due in part to its very high vibration

I do not know the ~~five~~ people who signed beside Rear Admiral [REDACTED]

██████████ is not related, to my knowledge, with Rear Admiral

██████ ; but he and ██████ know all of them well .

Everybody is quite satisfied of the exposure planet wide for this

letter . Thanks to NEXUS magazine .

A magnetic motor working on free energy has been invented recently after years of research . The inventor wants to give it to humanity and I shall tell you about it in the first week of November . I shall get a copy of the design and shall forward the whole description to you .

The inventor is very careful and wants to send the information to many engineering departments of U.S. universities and in Europe too.

Best wishes and good health for the whole family .
