

UFO LANDINGS NEAR KIRTLAND AFB
or
WELCOME TO THE COSMIC WATERGATE

SUMMARY

The morning of August 9, 1980, was only about 20 minutes old when a security guard spotted a "round disc shaped object" with a very bright light which had landed in a restricted test area east of Kirtland Air Force Base, Albuquerque, New Mexico. Subsequently the object ascended rapidly into the air. Both the landing and the ascension were witnessed by a group of guards about five miles away at the time. A report of the landing, prepared by agent Richard Doty of the Air Force Office of Special Investigations (AFOSI) at Kirtland, became public in the spring of 1983, apparently as a result of a "leak" which was followed by a Freedom of Information and Privacy Act (FOIPA) request by a UFO investigator (Barry Greenwood). In the spring of 1984, I contacted Doty to find out if he had more information than was contained in the 1 1/2 pages which had been released. I was not surprised to hear him tell me that he had interviewed the witnesses, gone to the landing site, and had written a larger report. I was not surprised because I found it difficult to believe that the Air Force would overlook something as important as a landing of SOMETHING inside a restricted (nuclear) storage area. He also said that there was more that he couldn't tell me. He further suggested that I write to Headquarters (HQ/AFOSI) to obtain all releasable information. I therefore wrote to HQ/AFOSI and requested the follow-on document under the FOIPA. The Chief of the Information Release Division, Noah Lawrence, denied that there was another document because there was none on file at HQ/AFOSI. Subsequently, because of my insistence, he called Doty on the phone and Doty (evidently) told him there was no such document. I then had a long conversation with Lawrence and he admitted that there was a "discrepancy" between what Doty told me and what he told Lawrence. Lawrence then requested that Doty be interviewed by his commanding officer (Lawrence did not interview Doty himself). The commanding officer (evidently) reported back to Lawrence that Doty denied the existence of another document. According to Lawrence, without a specific name or a file location of this report continued requests are futile.

Unbeknownst to me, author/investigator Bill Moore had independently researched the case in 1982. After I had completed my investigation I told him what I had learned and he informed me of his investigation. The results of his investigation, which are

included in a summary written by Moore, agree with my results, adding further evidence to my suspicion of a cover-up.

This report summarizes what is now known about the incident and my attempts to find a doorway into the "Cosmic Watergate" which prevents the public from knowing the truth about the involvement of military intelligence agencies with the UFO problem.
