**SIGHTING OF UNCONVENTIONAL FLYING OBJECT
NEAR BAKU, USSR ON 4 OCTOBER 1955**

1. Attached is a tabulation of the statements made by each member of the party relative to the unidentified flying object sighted by them on 4 October 1955 while on the train from Baku to Tiflis.
2. The tabulation has been held for some time awaiting answers to questions by Source 3 which have just been received and incorporated in the chart.
3. From observation of the chart it is apparent that due to darkness and the short duration of the sighting, the observers were unable to distinguish sufficient details to properly describe the object.
