I-1606

MEMORANDUM FOR THE OFFICER IN CHARGE:

SUBJECT: WALTER, Franz

RE : HORTEN Brothers

1. Reason for Investigation:

Reference is made to letter, 970th CIC Detachment, Subject: Flying Saucers, dated 28 October 1947. A check was made in Schwaebisch GEMUND (149/352) of scientists who may have knowledge of the HORTEN Brothers.

2. Result of Investigative Activity:

a. A scientist, WALTER, Franz, born 28 November 1896 in Schwaebisch GEMUND was contacted and discreetly interviewed about his knowledge of the HORTEN brothers. WALTER is presently residing in Schwaebisch GEMUND, Parlerstr. 20, and is an Aeronautical Engineer by profession. (A-1)

b. Subject has never worked with the HORTEN Brothers, but has known them personally for many years. He last saw the brothers in 1944 in BERLIN in the REICHSLUFTFAHRZMINISTERIUM. At this time the two men were working in ORANIENBURG (N53/Z67), about 20 to 30 kilometers north of Berlin. Before the war the brothers were in MUESTER (K52/A97) Westphalia.

c. WALTER stated that if anyone knows where the HORTEN brothers are, one REITSCH, Hannah, living in BAD MAURHEIM (L51/M69), would know. This woman was a famous aviatrix and test pilot. She was a very close friend of the brothers and has worked with them.

d. Subject stated that he knew of one design made by the HORTEN brothers and knew that they were working on tail-less models. The attached diagram was drawn by WALTER for this agent, Exhibit "A". This design was not accepted by the German air force because of the instability of the plane. There had been motor-propelled models, but their latest was a jet-propelled model.

3. Agent's Comments and Conclusions:

a. It is recommended that a copy of this MOIC be forwarded to Region III so that the lead in BAD MAURKIN can be developed.

b. This agent cannot determine how much technical information WALTER may know. Therefore, it is further recommended that a technical agency interview this man.

c. The evaluation of the above information, except where otherwise indicated, is F-2.

APPROVED:

KENNETH W. NELSEN
Special Agent, CIC

EDWIN K. KICH
