So I got paid a visit by the goons.

They told me that if I didn't back off and keep my mouth shut that they were going to frame me for child porn and have me locked up for the rest of my natural life. They also said they have government documents, medical files, and even plane tickets to make me look like a liar and to discredit us both.

I'm sorry. I can't persue this further. I want to help. I really do. But they got me. They got me over a barrel. They hacked my phone in real time to prove they could do it. I have a family.

I'm sorry.
