Proposed Area 52 Facility

The Main House...

Boasts 13,386 sf with an impressive atrium that includes a 25' waterfall. A glass elevator services all three stories, including the commercial office on the 3rd floor. Other rooms include an exercise, living, great, dining, laundry, billiards & bar room and gourmet kitchen. The master suite is spacious with finer appointments including a sitting area, office, walk-in closets, & spa tub. There are three guest rooms in the main home.

The Property...

Consists of 8.0 acres in an exclusive fly-in community that can accommodate small jets. You can pilot right up to your front door. The location is approximately 15 min flying time to Las Vegas or a 60 minute drive. The 4th floor is a helipad (NV21). The surrounding area offers 360 degree mountain views. Nevada offers no state income tax and one of the fastest growing economies and populations in America.

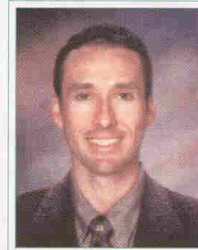

The Hangar...

Can easily accommodate 4 + airplanes or 20 + automobiles. It is over 10,000 square feet and includes a 2 bedroom apartment and 2 offices that could also be bedrooms. There is a 4 car garage which stores an RV and a limo and has a dark room and machine shop. The hangar doubles as the ultimate party room with a full wet bar, high wattage hi-fi music system and disco ball. The steel frame construction is here to stay. This is the perfect place for the avid aviator who wants to "sleep with their plane"
