Dr. Greer,

My name is [REDACTED]. I was an enlisted member of The U.S. Air Force & Air National Guard for 10 years. I was also a DoD contractor overseas working for Raytheon, Northrup Grumman, and Intelligent Waves respectively. I maintained a TS/SCI clearance throughout as a communications specialist with a combat identifier being read into multiple programs.

It has taken me some time to build the courage to share my knowledge and experiences. I don't wish to document anything regarding what I have described above.

I can be contacted through secure messaging such as Signal, Telegram, or WhatsApp. My profiles can easily be found and I can receive calls through these encrypted platforms.

Respectfully,

[REDACTED]
