Dear Dr. Greer:

Thank you very much for the invitation to be at some of your upcoming events in Washington between May 10th and 12th. I have to be in my district most of that time frame. However, if you wanted to arrange a meeting in my office between April 30th and May 18th, I would be glad to set one up for either myself or my staff. To arrange a meeting, please contact J [REDACTED] at [REDACTED]. Thank you for sending me a copy of your Executive Summary and I hope to have the opportunity to look at parts of it in the near future.

Sincerely yours,

[REDACTED]

Dear [REDACTED]:

Thank you for your recent letter about the Disclosure Project. I have visited with Dr. Richard Greer. I have also looked at several videos that he gave me. I hope to review his report in the near future.

I would very much like to get some signed affidavits by persons who have seen on earth these space vehicles with the technology that does not require fossil fuel. Details about places and people should be included. Upon the receipt of these affidavits, I would be glad to contact the military or other appropriate entity and ask for a response. While I have not watched all of the video testimony, all that I have seen are statements by persons who have seen UFOs. I would very much like for us to be able to find an alternative source of energy to fossil fuels.

Thank you again for your letter, and with kind regards, I am

Sincerely yours,
