Dear Steve,

Enclosed is a copy of *The UFO Cover-up* radio special that we discussed last night. Feel free to audition the program to whomever seems appropriate. When you do so, also inform them that a national version of the show is currently in production and will be syndicated via the NPR satellite network early next year. The program will be expanded from 3 1/2 to 12 hours. My home station will suspend regular programming during an upcoming fund-raising drive to broadcast the 12 hour special in its entirety. Current ETA for this debut is sometime in February.

Also enclosed are some interesting clips of tape: Michael and I have cut a 2-hour interview with Bill Hamilton. I think you will find correspondences between your work and this earlier stuff quite provocative. Of particular import was the relationship between the early contactees and government insiders. George Van Tassle had the ear of Pentagon brass as well as Eisenhower's nephew, who informed him about a landing at Edwards AFB (Muroc Air Field) in February, 1954, where the President was taken aboard a spacecraft. Apparently, the fallout from that event was enormous, prompting plans for a major presidential announcement that never materialized. In anticipation of Eisenhower's scheduled May, '54 disclosure address, one civilian participant broke his security vows, writing about his involvement to a friend and colleague. None of the other parties listed in his letter ever responded to inquiries, and all are now dead. According to Hamilton, prior to 1954, government officials were quite open with Van Tassle, soliciting his guidance and feedback. Then something happened—a major clandestine policy shift; all channels of communication between the contactees and the government were cut off. (The Robertson Panel perhaps?) Parallels to your current situation are striking.

Also on the cassette are some fragments of the "hidden history" that has become one of my passions. So much of immense importance has been kept from us, I frequently oscillate between outrage and utter astonishment. Please keep this raw tape under wraps. I plan to include these interviews during the 12-hour broadcast in a segment that will be called ***UFOs: America's Hidden History***. The segment that will be derived from our anticipated interview will be called ***UFOs and the Secret Government***.

There are a few more items that I intend to send you. I simply have to take the time and have them copied: *The Report from Iron Mountain* and *The Controllers: An Alternate Hypothesis to Alien Abductions*.

Take care Steve. I will let you know soon when I will be able to pay you a visit. Feel free to get in touch any time.

Sincerely,

4/16/54

My dear Friend: I have just returned from Muroc. The report is true—
devastatingly true!

I made the journey in company with Franklin Allen of the Hearst papers and
Edwin Nourse of Brookings Institute (Truman's erstwhile financial adviser)'
and Bishop MacIntyre of L.A. (confidential names, for the present, please.)

When we were allowed to enter the restricted section, (after about six hours
in which we were checked on every possible item, event, incident and aspect
of our personal and public lives) I had the distinct feeling that the world
had come to an end with fantastic realism. For I have never seen so many
human beings in a state of complete collapse and confusion as they realized
that their own world had indeed ended with such finality as to beggar descrip-
tion. The reality of "otherplane" aeroforms is now and forever removed from
the realms of speculation and made a rather painful part of the consciousness
of every responsible scientific and political group.

During my two days visit I saw five separate and distinct types of aircraft
being studied and handled by our airforce officials---with the assistance and
permission of The Etherians! I have no words to express my reactions.

It has finally happened. It is now a matter of history.

President Eisenhower, as you may already know, was spirited over to Muroc one
night during his visit to Palm Springs recently. And it is my conviction that
he will ignore the terrific conflict between the various "authorities" and go
directly to the people via radio and television---if the impasse continues
much longer. From what I could gather, an official statement to the country
is being prepared for delivery about the middle of May.

I will leave it to your own excellent powers of deduction to construct a fitting
picture of the mental and emotional pandemonium that is now shattering the con-
sciousness of hundreds of our scientific "authorities" and all the pundits of
the various specialized knowledges that make up our current physics. In some
instances I could not stifle a wave of pity that arose in my own being as I
watched the pathetic bewilderment of rather brilliant brains struggling to make
some sort of rational explanation which would enable them to retain their fami-
liar theories and concepts. And I thanked my own destiny for having long ago
pushed me into the metaphysical woods and compelled me to find my way out. To
watch strong minds cringe before totally irreconcilable aspects of "science" is
not a pleasant thing. I had forgotten how commonplace such things as the dema-
terialization of "solid" objects had become to my own mind. The coming and going
of an etheric, or spirit, body has been so familiar to me these many years I had
just forgotten that such a manifestation could snap the mental balance of a man
not so conditioned. I shall never forget those forty-eight hours at Muroc!

The UFO Cover-up:

Quite possibly the greatest political scandal
of all time.

UFOs have flown over the White House and our military bases.
Evidence suggests the U.S. and other governments
have engaged in secret UFO research since 1947.
The facts have been hidden from us.

Now former Soviet scientists tell what they know.

Tune in and find out for yourself.
