Mrs. Greer,

Thank you for your interest in my event however, I'll have to decline my trip to DC at this time.

Have a successful day!

Regards,

[REDACTED]

Hello [REDACTED],

Would you be willing to come to DC to speak with the AARO office in a SCIF about what you saw?

That would not be public,

It would be meeting with Dr. Greer, his contact who would take you to the AARO office and then the AARO office folks.

Sincerely

Anna

Mrs. Greer,

No, I wasn't a civilian with my event on the Azores islands in Portugal. I was active duty USAF.

Regards,

[REDACTED]

Hello [REDACTED]

My husband wanted me to ask you about coming to DC to the AARO (Pentagon) office.

He honestly does not know if they would speak to you as you were a civilian at the time of what you saw, correct? But if you were interested he can ask if that would be a possibility.

That interview would be in a SCIF and not at all public.

Emily

[REDACTED]

So as much as I do realize the importance of the conference, as I told [REDACTED] previously, I am extremely hesitant to publicly disclose what I have seen. For example I've been married for 18yrs and until recently, never even disclosed this to my wife. In addition, I know that recent legislation allows individuals to come forward without any legal consequences.

So with everything I need consider including the obvious my family, I'd have to decline the offer to head to DC and speak publicly at this time. I thank you for your interest and belief in my statement but I really just feel it's not in my best interest to put myself out there. Again thank you and for all that your team is doing.

Regards,

[REDACTED]

Hello [REDACTED],

I'm [REDACTED] Dr. Steven Greer's , wife.

He asked me to ask you if you would be willing to come to Washington DC for a conference and National Press club event

we are having June 10 – 12 this year.

You can see the program at [REDACTED]

The actual program (who is speaking when) is in flux and he wanted me to ask you if you might be willing to give a short report to the public at the conference about what you say and what you worked with Michael Schratt on re illustrating.

Would you be willing to speak at the National Press Club?

Related to that there could also be an interview with the AARO office in a SCIF so that the official Pentagon people had your testimony.

Please let me know if you could come and where you would feel comfortable relating what you saw.

Thank you so very much

Sincerely

[REDACTED]
