ACTIVITIES OF ENGINEERING CORPS -- Tel Aviv, Bamahaneh, 3 Aug 65

The Tel Aviv Municipality has started the laying of the foundations for a bridge, which will be built over the Nahal Filon (Wadi Misrara) by the Engineering Corps. The new bridge will connect the Petah Tiqva highway with the Givat Yisrael Street in Tel Aviv. The bridge, which will be built at the end of August, will be little bit shorter than the bridge built by the corps over the Yarkon River several weeks ago. The new bridge is 36 meters long, 3.5 meters wide, and 4.5 meters high. The concentration of materials of the engineering company, which erected the bridge, took 3-4 days and the building itself only 1 1/2 days.

The Engineering Corps has completed the paving of a patrol road along the Jordanian border.
