

6/19/02 - ^{ANAL}MEMO-RE, U.S. Army Air Force

JET FLYING WING DISC AIRCRAFT (PRIOR TO BEING
-ORIGIN- WWII GERMAN, GERMANY SPENT
EQUIVALENT OF APPROX 1 TRILLION DOLLARS.

(REMINDER- BRITISH, FRENCH, GERMAN COUNTING SYSTEM
HIGHER THAN U.S. = MILLIONS, THEIR SYSTEM AMOUNTS
TO SAME AS BILLIONAIRE, US SYSTEM. ENORMOUS
DIFFERENCE). RUSSIA CAPTURED GERMAN FACTORIES (BRAGUE)
ALL ENGINEERS, ETC PLUS ENTIRE FACTORY WORKERS.
BEFORE REST OF ALLIES EVEN KNEW SUCH EXISTED, AND
MOVED ALL INTO RUSSIA - REASSEMBLED, REBUILT
IN ENTIRETY AND BEGAN FLYING THESE AIRCRAFT

OVER THE CONTINENTAL UNITED STATES SHORTLY
AFTER END OF WWII. ONE OF THE ORIGINAL
GERMAN DESIGNERS ESCAPED, MANAGING TO FLEE

INTO U.S. MILITARY CUSTODY AND WAS BROUGHT TO
U.S. (MEITHE). US AND A.V. ROG ^{(3) LTD} - MASON

BRITISH AIRCRAFT BUILDER COMBINED EFFORTS TO
HELP MEITHE RE-DO ENTIRE GERMAN AND SOVIET
PROJECTS FROM HIS OWN MEMORY. PRIOR TO GETTING
THIS DESIGNER, US WAS ALREADY ATTEMPTING
FURTHER DEVELOPMENT OF JET FLYING BOMBS OF
FLYING WING DESIGN SIMILAR TO NORTHROP - UNALLOTTED
DRONE TEST AIRCRAFT ACHIEVED SUCH FANTASTIC,
UNEXPECTED HIGH ALTITUDE AND SPEED, DECISION
WAS TO DEVELOP TEST PILOTED JETS. INITIALLY
DESIGNED AS SIMILAR TO NORTHROP WING AND ALSO
SOME TRIANGULAR TYPE DESIGN - THEN DISCS AND ETC.

MOST INITIAL TESTS USED CAPTURED GERMAN DESIGN
INCLUDING WINGED V-1 FLYING BOMBS. MOST SUCH
DESIGNS SO SMALL, SPACE FOR WARHEAD WAS

(COVER)

2

REDESIGNED FOR TEST PILOT. SUCH INITIAL TESTS IMMEDIATELY PROVED PERFORMANCE CAPABILITY WOULD EXCEED POSSIBILITY OF PILOT SURVIVAL. - SPECIAL, NEVER BEFORE TYPE FLIGHT SUITS AND HELMETS OBVIOUSLY REQUIRED AND DEVELOPED, INITIAL TEST AIRCRAFT SO SMALL, EXCEEDINGLY SMALL STATURE TEST PILOTS HAD TO BE FOUND, HIRED AND TRAINED. SUCH HIGH RISK, UNKNOWN FLIGHT CAPABILITIES RESULTED IN ACCIDENTS / CRASHES, INCLUDING NEAR ROSWELL, N.M. SUCH ACCIDENTS WERE SUCCESSFULLY COVERED UP BY INTELLIGENCE AND NOT MUCH FURTHER PUBLICIZED FOR APPROX 20 YRS WHEN UFO ENTHUSIASTS / AUTHORS WROTE ABOUT IT AGAIN. SO SUCCESSFUL "STORIES" MANY BECAME RICH DURING THE ENSUING AND CONTINUING "MEDIA" FRENZY, ESPECIALLY TOTAL FICMENTS OF IMAGINATION ABOUT "ALIENS" AND "ALIEN" "SPACE SHIPS" AND "UFO's" - TOTAL "BULLSHIT"!

SO CALLED "BLACK PROJECTS" BUILT AND FLEW JET FLYING WING DISC DESIGN AIRCRAFT, THAT DESIGN BUILT WITH INTENT TO REPLACE MOST OF EXISTING DESIGN USAF AIRCRAFT. FLYING DISCS WHICH BECAME KNOWN AS "FLYING SAUCERS" WERE HORIZONTAL TAKEOFF - NOT VTOL. EVIDENTALLY USED OVER 20 YRS. SOME ACHIEVED FLIGHT INTO SPACE AND NECESSARY SPEED TO ACHIEVE SUCH WHICH ALSO ACHIEVED WORLD WIDE FLIGHT RANGE EVEN THOUGH THEY COULD NOT ACHIEVE SPACE ORBIT AND REMAIN THERE AS DOES OUR SHUTTLE.

OFFICIAL REASON THEY WERE EVENTUALLY QUICKLY ORDERED DISCONTINUED AND SCRAPPED EQUALLY QUICKLY WAS DUE TO DEVELOPMENT OF BETTER DESIGN WITH LESS MANEUVERABILITY PROBLEMS. SIMPLE!
