

Dear [REDACTED]

8/13/02

Enclosed please find the latest drawings. I have increased the size of the lettering on the tail. I have also made the lettering bolder. Please pick out the one that you think looks best. I have also included a 1965 MacDill AFB yearbook. Maybe someone in this book can help us get a photo of the discs you saw in 1967.

Thank You

FOR PURPOSE OF THIS

ILLUSTRATION - AS IT CAN'T BE EXACT -
SIMPLY MAKE **USAF** ON TAIL **BOLD** AS IN
OTHER YOU SENT. (DO NOT MAKE "EXPERIMENTAL" BOLD.
LEAVE AS IS)

OF COURSE THERE WERE
METAL COVERS DOWN FROM
WHERE WHEELS WENT UP INTO
FUSILAGE BUT I DON'T THINK REALLY NECESSARY FOR

THIS ILLUSTRATION ? I SHOW WHERE JUST IN

CASE YOU WANT. BUT MY MEMORY IS NOT EXACT ON
THEIR SHAPE -

P.S. I TRIED LOCATING WHEEL

COVERS - NO WAY I CAN DO IT
RIGHT. THEY WERE THERE, BUT I
CAN'T REMEMBER. FLIPPED OUT & DOWN
ONE EA MAIN. TWO ON
FORWARD

AIR POLICE SENIOR
SGT'S FOR SURE!
ALL WOULD BE RETIRED
OR DEAD, IN ENTIRE
YEAR BOOK NOW.
GEO. FILER TRIED
CHASING SOME DOWN.
SO DID I. TOTAL
FAILURE!
