

Total Military Inadequacy

#16 28A
SAC BASES

The UFO Task Forces exploratory operation between October 27th and November 10th, 1975, over the United States northern Strategic Air Command bases was published in ICUFON Green Memorandum 65-66 pages without documents.

Last year the US Air Force released some documents, but the key analyses and photographs were withheld.

The declassified CONFIDENTIAL reports on "UNIDENTIFIED FLIGHT ACTIVITY" are selfdiscriminative. It is a tragic disclosure that one of the world's largest military force's is totally helpless and inadequate in armed or unarmed confrontation of "allegedly" unidentifiable assaulting flight activity!

According to the reports, military personnel on active duty at the Strategic (ICBM) Missile Bases were unable to identify and disable a slow moving aerial vehicle - speculated as helicopter - which intruded, ~~operated~~ above the base area, and what is more, - returned!
