AIR FORCE SPECIAL SECURITY OFFICE
Headquarters, Northeast Air Command
APO 862 New York, N.Y.

SSO

18 July 1955

SUBJECT: (UNCLASSIFIED) UFO NEAC Area

TO: Commander
USAF Security Service
San Antonio, Texas

1. Reference to SSO NEAC message, Cite SOWAC-13, DTG 031200Z July and your message Cite OGP-X5547, DTG 122311Z July 1955. Following is more detailed information on sighting in the NEAC area in June and July as requested in your message.

2. Inclosures 1, 2, 3, and 4 are detailed reports prepared by Watch Division, NEAC, on the 1 to 6 July sightings made by RB-47 crews. D/I NEAC has not correlated these sightings with any known activity.

3. Inclosures 5, 6, and 7 are detailed reports on the 7 July sighting near Harmon AFB, Wld. Inclosure 6 contains the interrogation reports of the crews involved in the sighting. Inclosure 7, NEAC Weekly Intelligence REPORT Digest contains a resume of the 7 July sighting and subsequent evaluation by D/I NEAC. Copies of all inclosures forwarded to DIRNSA.

1. RB-47 sighting #1
2. RB-47 sighting #2
3. RB-47 sighting #3
4. RB-47 sighting #4
5. 64th Air Div Msg DTG 051210Z Jul 55
6. 64th Air Div Msg DTG 070100Z Jul 55
7. Weekly Intell REPORT Digest

DECLASSIFIED BY: ACS/Intelligence on 7 Sep 89.

C. NORMAN WOOD, Maj Gen,
Asst Chief of Staff, Intelligence

55-541

ITEM 1. At 2100Z on 1 June, an eastbound RB-47 experienced electronic contact with an unknown aircraft or object in the area of Devon Island. A bright return was received on the APG-32 set for 20 minutes and the warning light flashed intermittently. The RB-47's X-system recorded what was possibly the sweep of another radar nearby. Contact was lost at 2120Z. No visual contact established.

On the return westbound flight, the APG-32 again had a contact for 30 minutes duration at approximately 8,000 yards. This time no indication was registered by the warning light. No visual contact made.

Coordinates and times as follows:

First contact (estimate)	74°40'E-103°00'W	2100Z	1 June
Contact lost	76°15'E-31°00'W	2120Z	1 June
Second contact (estimate)	74°30'E-20°30'W	2400Z	1 June
Contact lost	74°10'E-31°30'W	0030Z	2 June

ITEM 2

At 0030Z on 4 June, a westbound RB-47 experienced electronic and visual contact with an unknown aircraft or object in the Melville Sound area. The RB-47 gun warning light was flashing intermittently and the S radar had a contact at 7,000 yards range. Visual contact was made by crew chief, who describes aircraft as glistening silver metallic. The aircraft was first seen low and to the rear of the RB-47. It maintained a position low and to the rear and slightly right of the RB-47. The configuration of the aircraft was obscured by contrails. The aircraft broke off contact to the north with an increase in speed. The RB-47 was at 32,000, indicating Mach .735. Although gun camera films are available, they are of such poor quality that no information can be obtained from them. The radar and visual contacts were maintained for a total of 9 minutes.

Coordinates and times are as follows:

Contact established	74°10'E - 107°10'W	0030Z	4 June
Contact lost	73°45'E - 111°35'W	0042Z	4 June

ITEM 3

At 0050Z on 7 June, a westbound RB-47 enroute to Eilson AFB, Alaska, at 35,000 feet experienced electronic contact southeast of Banks Island. The RB-47's APG-32 detected an aircraft/object at 3,500 yards and at the same level as the aircraft. The scope return was small and rectangular. The pilot interpreted it to be a form of jamming. The target warning light went on and off 3 times in as many minutes. No visual or X-system contacts.****

Coordinates and times are as follows:

Contact established	71°02'N - 127°00'W	0050Z	7 June
Contact lost		0053Z	7 June (possibly later)

ITEM 4

At 2044Z on 8 June, an eastbound RB-47 flying at 30,000 feet experienced electronic and visual contact with an unknown aircraft south of Bathurst Island. The RB-47 was flying at 30,000 and indicating 450 knots. The warning light flashed and 2 indications were observed on APG-32 scope. The X-system scope showed indications of sweeping by another radar. Visual contact indicates aircraft was 5 to 10,000 feet above RB-47 and approximately 5-10 miles behind for approximately 20 minutes. The co-pilot of RB-47 states aircraft had fighter configuration. Contrail was observed as aircraft disappeared. Contrail also sighted by 2nd RB-47 approximately 80 miles behind 1st; therefore, about 70 miles behind the sighted aircraft. Distance suggests contrails remain visible for some time.****

Coordinates and times are as follows:

Contact established	74°25'N - 103°25'W	2044Z	8 June
Contact lost		2140Z	8 June
