Dr. J. Allen Hynek

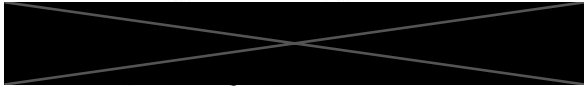

Dr. Hynek:

If it would be of any interest to you, or your associates, I can forward to you a report concerning an observation of two UFO's in low altitude flight, with attention to a few particular details which might be of some value.

This is not a questionable, blinking light, color changing, what is it, sort of sighting, but a very close up look at two pieces of strange but solid hardware in full operation. The incident is two years old, but is verifiable.

As to being a qualified observer, I've held a commercial pilots license since the early 1940's, am an ex-Navy pilot trained in instant recognition, a Coast Guard search and rescue pilot, and have some Trans-Pacific passenger carrying service included. Should be sound background for sky watching.

Possibly anything I can report will merely be repetition. However, I think some of it might be useful. No notoriety, and no publication of any information sent is desired. Please advise if interested.

Sincerely,

THIS REPORT OF ACTIVITY MAY BE OF INTEREST IN THAT THE OPERATIONAL PATTERN APPEARS TO DIFFER FROM THE NORM OF MOST SIGHTINGS. THE UNITS OBSERVED MOVED IN A MANNER SIMILAR TO THAT OF A NORMAL AIRCRAFT. CHANGES IN DIRECTION, ALTITUDE, OR VELOCITY WERE SMOOTH AND REGULATED. NO OSCILLATION OR ROTATION NOTED, AND NO LIGHTS AS SUCH VISIBLE.

TWO WERE SIGHTED, A FEW MINUTES APART, BOTH FOLLOWING THE SAME TRACK, AND OBSERVED UNTIL DISAPPEARING ON THE DISTANT HORIZON. SINCE THERE ARE INTERESTING POINTS CONCERNING EACH, I WILL DESCRIBE THEM INDIVIDUALLY.

THIS INCIDENT OCCURED IN MARACAIBO, VENEZUELA ON DEC. 26, 1972 AT APPROX 8 PM. MY FAMILY, WIFE, DAUGHTER, AND MYSELF WERE LIVING IN A TOP FLOOR (14TH) APARTMENT. MY WIFE AND I HAD JUST STEPPED OUT ON OUR BALCONY TO WATCH FOR AN AIRCRAFT, A CONVAIR, WHICH USUALLY CAME IN LOW OVER THE BUILDING MOST EVENINGS. THE WEATHER WAS CLEAR, AND VISIBILITY UNLIMITED. THE BRIGHT CITY LIGHTS, HOWEVER, DID AFFECT NIGHT VISION. THE SKY AND COUNTRYSIDE AWAY FROM THE CITY LOOKED BLACK.

WE WERE FACING THE NORTHEAST, WATCHING THE ACTIVITY IN THE STREETS, AND EXPECTING TO SEE THE CONVAIR WHEN THIS OBJECT APPEARED ABOUT TWO TO THREE MILES AWAY AS LOW AS SOME OF THE APARTMENT BUILDINGS COMING STRAIGHT AT US DEAD LEVEL. IT GAVE THE APPEARANCE OF AN AIRCRAFT ENGINE FIRE FLAMING FROM THE LOWER HALF OF A NACELLE UNDER A WING. AS IT APPROACHED I KEPT TRYING TO SPOT AN AIRCRAFT TO GO WITH THE ENGINE FIRE, BUT ABOUT FOUR OR FIVE BLOCKS AWAY THE OBJECT TURNED AND PULLED UP TO MISS BUILDINGS, AND I COULD SEE IT WAS NOT A CONVENTIONAL AIRCRAFT. AFTER PASSING TWO TALL BUILDINGS ABOUT TWO BLOCKS FROM WHERE WE STOOD IT CORRECTED TO ITS ORIGINAL FLIGHT TRACK AND DESCENDED TO JUST ABOVE OUR OBSERVATION LEVEL AND PASSED WITHIN ABOUT 150 FEET OF US WHEN PASSING OUR BUILDING. WE MOVED QUICKLY TO THE BACK SIDE (SOUTHWEST) OF OUR APARTMENT AND WATCHED AS THE OBJECT WENT TOWARD THE AIRPORT (ABOUT 15 MILES AWAY). AT THE AIRPORT, THE OBJECT MADE

LEVEL

SMOOTH 1 TURNS AND FOLLOWED AROUND THE CONTOUR OUTSIDE THE FIELD (SO HELP ME! IT DID!) UNTIL BACK ON ITS ORIGINAL COURSE, AND CONTINUED UNTIL LOST IN THE DISTANCE POSSIBLY 30 MILES OR MORE AWAY.

WE HAD A VERY DISTINCT CLEAR VIEW OF THIS OBJECT (UNDERSIDE ONLY) AS IT PASSED CLOSE TO OUR BUILDING. ITS SHAPE WAS SOMEWHAT ELLIPTICAL, MORE ROUNDED IN FRONT, AND A LITTLE TAPERING TOWARD THE REAR, WITH A SMALL ALMOST STRAIGHT SECTION AT THE STERN. WIDTH WAS 40 FEET. LENGTH 50 FEET. ATTACHED BENEATH THE VEHICLE SLIGHTLY FORWARD OF THE CENTER WERE TWO LARGE (ABOUT 36 INCH DIA.) OPPOSED HEMISPHERICAL TYPE "INSULATORS" WITH TWO OPPOSING "ELECTRODES" ABOUT SEVEN INCHES IN DIAMETER WITH A "GAP" OF ABOUT FIVE INCHES BETWEEN THEM. BETWEEN THESE TWO "ELECTRODES" WAS PASSING A FULL, COMPLETE, AND CONTINUOUS "ELECTRIC" ARC SIMILAR TO A CARBON ARC LAMP OR A WELDER'S STINGER. ALTHOUGH EXCEEDINGLY BRIGHT YOU COULD WATCH THE ARC WITH THE NAKED EYE (AT LEAST FOR A FEW MOMENTS). SMALL WISPS OF SMOKE CAME OFF THIS ARC JUST AS THEY DO OFF AN ARC LAMP OR WELDING ROD. THE ODD THING OF NOTE IS THAT THIS SMOKE WASN'T BLOWN AWAY IN A SLIPSTREAM, BUT SEEMED TO TRAVEL ALONG WITH THE VEHICLE. SOME HAD FLOATED OUT AS FAR AS THE PERIPHERY. THIS ARC LIGHTED THE UNDERSIDE OF THE CRAFT IN FINE DETAIL, BUT ITS BRIGHTNESS PREVENTED ANY ACCURATE VISUAL INSPECTION OF THE TOP SIDE AGAINST THE DARK NIGHT SKY.

THIS "LIGHT" WAS DESCRIBED BY A FRIEND AND CO-WORKER WHO OBSERVED THIS CRAFT FROM A DISTANCE AS HAVING THE APPEARANCE OF A FIREBALL MOVING OVER THE CITY.

MOMENTS AFTER THE FIRST VEHICLE HAD DISAPPEARED ON THE HORIZON, MY WIFE AND I WERE STILL DISCUSSING THE INCIDENT WHEN I LOOKED OUT TOWARD THE AIRPORT, GLANCED UP, AND WAS SURPRISED TO SEE A SECOND CRAFT ALMOST ABOVE THE BUILDING TRAVELING VERY SLOW (SEMI-HOVERING, ABOUT 10 MPH) ON THE SAME COURSE, AND DIRECTLY OVER THE SAME PATH OF THE FIRST VEHICLE. THIS ONE WAS AT ABOUT 500 FEET ALTITUDE (ABOUT 350 FT ABOVE US).

AT THIS POINT I TOLD MY WIFE TO TAKE A LOOK, AND SENT MY DAUGHTER ACROSS THE HALL TO BORROW A NEIGHBORS BINOCULARS. SHE RETURNED WITH THEM IN A FEW SECONDS.

THIS SECOND CRAFT WAS IDENTICAL IN SIZE, SHAPE, AND CONFIGURATION TO THE FIRST, BUT TO SEE IT IN OPERATION FLOATING ALONG EVER SO SLOWLY ALMOST IN HOVER WAS LIKE WATCHING SOMETHING OUT OF SCIENCE FICTION. THE SAME BRIGHT "ELECTRICAL" ARC WAS IN OPERATION AS OBSERVED ON THE FIRST, SPREADING AN INTENSE LIGHT ON THE UNDERSIDE OF THE CRAFT. AROUND THE PERIMETER STARTING ABOUT ONE THIRD OF THE WAY BACK ON EACH SIDE WAS A SERIES OF PORTS OR VENTS ARRANGED IN PAIRS OUT OF WHICH ISSUED WHAT WOULD BE DESCRIBED AS FLAMES. THRU GLASSES THESE HAD THE APPEARANCE NOT OF ACTUAL FIRE EXHAUST BUT OF AN ELECTRICAL TYPE DISCHARGE. UNIQUE IS THE FACT THAT ALL THE FLAMES ISSUED IN A SIMILAR THREE DIMENSIONAL WAVE DESIGN, AND ALTHOUGH THERE SEEMED TO BE MOVEMENT WITHIN THE "FLAMES" THE OVERALL SIZE AND SHAPE REMAINED CONSTANT. LOOKING BEHIND THE "FLAMES" INSIDE THE PORTS, AS THE CRAFT MOVED AWAY, IT APPEARED THERE MAY HAVE BEEN SOME SORT OF CIRCULAR, HORIZONTAL FLOW ABOUT THE CRAFT OF WHATEVER WAS CAUSING THE DISCHARGES.

TOWARD THE STERN OF THE CRAFT WERE A COUPLE OF SMALL SHADOWS POSSIBLY INDICATING CIRCULAR OPENINGS.

AS IT NEARED THE EDGE OF THE POPULATED AREA OF THE CITY, THIS SECOND VEHICLE ACCELERATED, PASSED BY THE AIRPORT FLYING THE SAME PATTERN AROUND THE FIELD AS THE FIRST, AND CONTINUED UNTIL LOST IN THE DISTANCE.

MUCH MORE DESCRIPTION COULD BE GIVEN, BUT WOULD SERVE LITTLE PURPOSE WITHOUT SOMETHING TANGIBLE, AND THE MAIN POINTS HAVE BEEN TOUCHED UPON. HOWEVER, MAY I ADD THAT THESE TWO CRAFT DESCRIBED WERE IDENTICAL, FINITE PIECES OF HARDWARE, AND PROBABLY NOT TOO FAR BEYOND SOMETHING ANY ONE OF OUR TOP AIRCRAFT PLANTS COULD PRODUCE.
