

THE FLYING ACORN

(SIGHTED JANUARY 10TH 1968 AT EXETER CALIFORNIA)
THE CRAFT WAS DESCRIBED AS BEING GREY, SOLID, METALLIC, TREMENDOUS
IN SIZE, CONICAL, WITH A WIDE BASE AND TAPERED TOWARD THE FLAT TOP
THREE SQUARE PORTS WERE OBSERVED ALONG THE LOWER PORTION

CONFIDENTIAL

A BRIGHT LUMINOUS PULSATING PINK GLOW WAS SEEN AROUND THE CIRCUULAR BASE

REPORT ON UNIDENTIFIED FLYING OBJECT(S)

Rec'd 1-15-68

This form includes questions asked by the United States Air Force and by other Armed Forces' investigating agencies, and additional questions to which answers are needed for full evaluation by NICAP.

After all the information has been fully studied, the conclusion of our Evaluation Panel will be published by NICAP in its regularly issued magazine or in another publication. Please try to answer as many questions as possible. Should you need additional room, please use another sheet of paper. Please print or typewrite. Your assistance is of great value and is genuinely appreciated. Thank you.

1.

Place of Employment

Education Grade School-8 yrs., High School 4.
Special Training Military-Automotive.
Military Service Korean Service 1950-53.
2. Date of Observation January 10, 1968. Time AM PM ☒ Time Zone Pacific Standard
3. Locality of Observation Visalia Road at Orange, Exeter, Calif.
4. How long did you see the object? Hours Minutes 3 Seconds
5. Please describe weather conditions and the type of sky; i.e., bright daylight, nighttime, dusk, etc.
6. Position of the Sun or Moon in relation to the object and to you. Patches of clouds obscured sun in west
7. If seen at night, twilight, or dawn, were the stars or moon visible? None
8. Were there more than one object? One (1) If so, please tell how many, and draw a sketch of what you saw, indicating direction of movement, if any. Direction of movement from NW to SE, See sketch.
9. Please describe the object(s) in detail. For instance, did it (they) appear solid, or only as a source of light; was it revolving, etc? Please use additional sheets of paper, if necessary. Grey, Solid, Metallic, Tremendous in size, Conical, wide base, tapered toward top which was flat, square ports lower in
10. Was the object(s) brighter than the background of the sky? Yes. (Upper 1/2 was revolving. (1/3 Por.
11. If so, compare the brightness with the Sun, Moon, headlights, etc. Bright luminous pink glow, pulsating around circular base.
12. Did the object(s) — (Please elaborate, if you can give details.)
 - a. Appear to stand still at any time?
 - b. Suddenly speed up and rush away at any time?
 - c. Break up into parts or explode?
 - d. Give off smoke?
 - e. Leave any visible trail? Shimmering heat wave like transparent contrail.
 - f. Drop anything?
 - g. Change brightness?
 - h. Change shape?
 - i. Change color?
13. Did the object(s) at any time pass in front of, or behind of, anything? If so, please elaborate giving distance, size, etc, if possible. First came from behind cloud in NW, flew SE across blue sky background behind cloud
14. Was there any wind? 10 to 15 MPH so, please give direction and speed. emerged, spanned clear opening,
15. Did you observe the object(s) through an optical instrument or other aid, windshield, windowpane, storm window, screening, etc? What? I was out outside filling patron's gas tank. (behind cloud.
16. Did the object(s) have any sound? Silent What kind? How loud?
17. Please tell if the object(s) was (were) —
 - a. Fuzzy or blurred.
 - b. Like a bright star.
 - c. X Sharply outlined. Defined outline, readily visible against blue sky background as vehicle spanned space between cloud formations.

18. Was the object —

- a. Self-luminous? Lower 1/3 self-luminous.
- b. Dull finish? Upper 2/3 dull greyish.
- c. Reflecting?
- d. Transparent?

19. Did the object(s) rise or fall while in motion? On straight flight pattern, like projectile.

20. Tell the apparent size of the object(s) when compared with the following held at arm's length:

- | | | |
|------------|--------------------|---------------|
| a. Pinhead | d. Nickel | g. Orange |
| b. Pea | e. Half dollar | h. Grapefruit |
| c. Dime | f. Silver dollar X | i. Larger |

Or, if easier, give apparent size in inches on a ruler held at arm's length.

21. How did you happen to notice the object(s)? I was looking at the sky because of succession of rapid weather changes during the day, rain, overcast, sunny etc.

22. Where were you and what were you doing at the time? I was at my Service Station filling a patron's gasoline tank.

23. How did the object(s) disappear from view? Behind a cloud in the SE.

24. Compare the speed of the object(s) with a piston or jet aircraft at the same apparent altitude. Faster than any jet have ever seen.

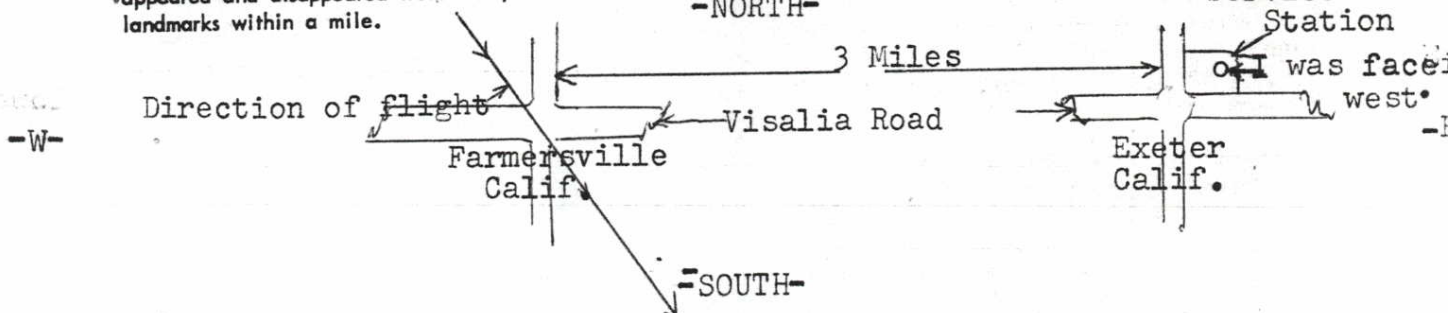

25. Were there any conventional aircraft in the location at the time or immediately afterwards? If so, please elaborate.

26. None. It was very poor flying weather, stormy, rain, heavy cloud movement. Please estimate the distance of the object(s).

27. What was the elevation of the object(s) in the

28. Names and addresses of other witnesses, if any

29. Please draw a map of the locality of the observation showing North; your position; the direction from which the object(s) appeared and disappeared from view; the direction of its course over the area; roads, towns, villages, railroads, and other landmarks within a mile.

30. Is there an airport, military, governmental, or research installation in the area? No.

31. Have you seen other objects of an unidentified nature? If so, please describe these observations, using a separate sheet of paper. No.

32. Please enclose photographs, motion pictures, news clippings, notes of radio or television programs (include time, station and date, if possible) regarding this or similar observations, or any other background material. We will return the material to you.

33. Were you interrogated by Air Force investigators? By any other federal, state, county, or local officials? If so, please state the name and rank or title of the agent, his office, and details as to where and when the questioning took place. 1/10/68 at [redacted] (my home)

Were you asked or told not to reveal or discuss the incident? If so, were any reasons or official orders mentioned? Please elaborate carefully. No.

34. We should like permission to quote your name in connection with this report. This action will encourage other responsible citizens to report similar observations to NICAP. However, if you prefer, we will keep your name confidential. Please note your choice by checking the proper statement below. In any case, please fill in all parts of the form, for our own confidential files. Thank you for your cooperation.

You may use my name. ☒

Please keep my name confidential. ()

35. Date of filling out this report: January 10, 1968. Signature [redacted]

January 11, 1968.

NICAP,
1536 Connecticut Ave., NW,
Washington, D.C.,

Maj. Donald E. Keyhoe,
Gordon I. Lore Jr.,

Gentlemen:

The enclosure is the result of a call I had about 4 PM Jan. 10, 1968, from the Chief of Police of the City of Exeter, Calif., Elmer Morehouse, whom I called on and thanked for his prompt and considerate action in alerting me within the hour of the sighting.

I drove to Exeter and gathered the substance directly from the principal who had the sighting, his first, found him to be an intelligent, cooperative witness with a keen analytical mind and good ability in expressing himself although not inclined to be loquacious as I was required to ply him with a multitude of questions to establish the facts as set forth on the questionair.

Chief Morehouse established certain factors of good character, reliability and honesty concerning the witness and in my opinion and that of another patrolman who was present when I spoke with Chief Morehouse, the report is factual.

The local newspaper, The Exeter Sun will carry an article to be dictated by the witness, Hubert Coffman and I will pass the information on to our paper here in Visalia, also our broadcasting stations in the area.

My congratulations to our new assistant director, Gordon Lore Jr., and may all your flying problems be identifyable ones.

I have given 24 lectures to date covering a period of three years among which are two three hour periods for the College of the Sequoias, a one hour period for the California Scholarship Federation, business men's organizations, service clubs, broadcasting stations, Y.M.C.A and church groups among others.

I have accumulated an extensive library and fine scrap book over the past 20 years and subscribe to U.P., U.P.I., and Associated Press UFO reports among others.

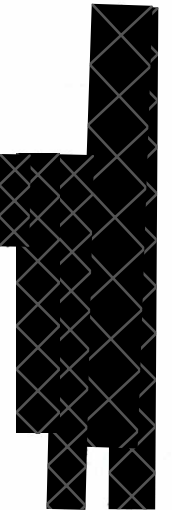

Mrs Buehler and I had our first sighting in 1946 at which time we had no idea what we were looking at nor what a volumous task we were to become involved in over the years but I must state it has been vitally interesting, tremendously fascinating, at times, frustrating.

Our continued wishes for your progress in solving the many mysteries surrounding these phenomina and congratulations to all of you workers for a superb performance in carrying on the task against seemingly insurmountable odds.

Our personal best wishes for the year and your good health.

Very sincerely

TO: N.I.C.A.P.
