STEVE: Reviewed both your letters and the proposed itinerary for February, and have a couple of questions on the FEB meetings:
be in DC or environs?

1. Has a place been determined for the meetings on the 27th?
2. Have any briefings for senior military or senior civilian personnel with either the services headquarters or the Joint Staff been arranged yet?

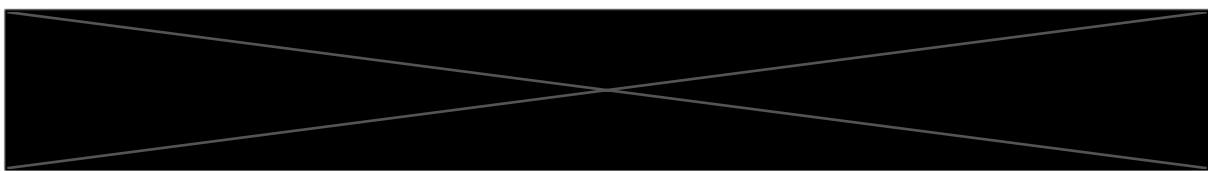

I'd suggest the following personnel be extended an invitation for briefings and would be happy to write a formal letter myself or draft one for you to sign out:

Director of Naval Intelligence (DNI): [REDACTED] USN
(Wash. DC)

Vice Chief of Naval Operations: Admiral [REDACTED] USN (Wash. DC)

Deputy Director for Intelligence (J2A), Joint Staff, Rear [REDACTED]
[REDACTED] USN (Washington, DC)

Director FBI Command Center, Mr. [REDACTED] Captain USN (Retired)
(Wash. DC)

~~SECRET~~
I have already given preliminary briefings to all of the above except General Sheehan and ADM Gehman, but have known him since he was a "frocked" one-star.

Also, is CSETI making travel arrangements for us?
Please let me know soonest how to proceed with the above.

My best to all as we move forward in this most important pivotal project.
