Dear Dr. Greer,

I am RSVPing. I am looking forward to attending the Disclosure Project. Your formal approach is the way to go. I look forward to meeting other military personnel who've witnessed UFOs. As you know, I've only had the one UFO siting, and I believe by coming forward would hopefully prompt others to come forward, so that we can understand what we were a part of. I have questions and would like some answers, only with the answers will I have a foundation of understanding my life at RAF Bentwaters/RAF Woodbridge 1978-80. There are others who I've cc'd...of course not all of them witnessed the RAF Woodbridge UFO siting, who might want to attend to listen and learn more about the UFO siting and just what was going on over there. I've talked with then SSgt Penniston and then [REDACTED] who cannot at this time talk about the siting until their story is published.

Respectfully, and wanting to be as inclusive as I possible can be,
