Dear Steven:

This letter is an amendment to my letter of February 4, 1994, in which you were informed that the Foundation was making an unconditional grant of \$20,000 to CSETI.

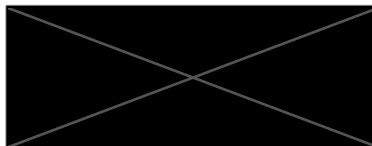

After subsequent discussions with Mr. Rockefeller, it is our desire that these funds to applied to the Rapid Mobilization Investigation Team phase of your program.

All other provisions of the February 4, 1994 letter remain the same. Please contact me concerning procedures for transferring the funds.

My very best to you.

Sincerely,
